FAMILY HEALTH TEAM

Your partner for best health

Community Board Member Opportunity

The Board of the Prince Edward Family Health Team (PEFHT) invites you to combine your leadership skills with community service. We are accepting expressions of interest PEC residents to fill a Community Member vacancy on our Board of Directors (BOD).

The PEFHT is a dynamic group of health professionals focused on delivering primary health care through the collaborative efforts of family physicians and allied health professionals. Our Board members share and support PEFHT's vision that Prince Edward County residents have the best possible health throughout life, achieved through our 4 Pillars: service delivery excellence; patient and partner satisfaction; responsible stewardship; and a culture of learning, innovation and collaboration.

Our Board is comprised of 8 volunteers: 6 physicians and 2 community members. Board members serve for a 3-year commitment and attend BOD meetings once per month.

The ideal Community Board Member would have:

- a strong finance, risk management, and governance background;
- a background in IT or community relations is an asset;
- previous experience serving on a volunteer, governance-based board; and,
- an interest to support a thriving not-for-profit, Government funded healthcare organization serving the residents of PEC.

If this opportunity excites you, we welcome you to send a letter articulating your interest in becoming a PEFHT BOD member, and describing your skills and experience, to: boardmember@pefht.com.

To learn more about this commitment, please contact Debbie Korzeniowski, Executive Director, at dkorzeniowski@pefht.com.

Deadline for expressions of interest is July 19, 2020.
