

PRINCE EDWARD
FAMILY HEALTH TEAM
Your partner for best health

The Prince Edward Family Health Team is an engaged rural group of 23 physicians in beautiful Prince Edward County. We are looking for family physicians to join our team with **full Family Health Organization (FHO) spots available, as well as practice-sharing opportunities**. Short and long-term locum work is also available.

Job Requirements for FHO

- Maintaining an office practice in Prince Edward County (Picton or Wellington).
- Providing coverage to inpatients at the Prince Edward County Memorial Hospital (PECMH).
- Providing coverage in the emergency department at PECMH is an option, but not required. Not sure about ER work? We have you covered with our paid ER mentorship program, led by senior physicians in a supportive environment. ER work is delivered through an Alternate Funding Plan.

If you join our FHO, you may qualify for a 100K incentive for a 5-year return of service agreement. Be sure to ask us for the details.

Our Team

We are a FHO connected in a collegial and passionate environment. We are incredibly supportive of new grads, as many in our group teach medical students and family medicine residents from Queen's University and the University of Ottawa. We are fortunate to be integrated with the Prince Edward Family Health Team, which provides enhanced primary care services such as mental health, diabetes education, cardiac rehab, lung health and smoking cessation, maternal and infant child care, palliative care and much more. You will be equipped with a strong team of allied health professionals, including a Pharmacist, Dietician, Respiratory Therapist, Social Worker, Mental Health Counsellors, and Nurse Practitioners, all of which support a collaborative approach to your patients' care. Visit our website at www.pefht.ca to learn more about the programs we offer!

Our Facilities

The community hospital in Picton is part of a four-site hospital corporation, Quinte Health, with excellent access to specialists. Our hospital has 23 inpatient beds, a 24- hour ER, specialty clinics, and an endoscopy suite. Physicians in our community also have the option to staff long term care facilities, and a three-bed residential hospice. Family physicians have several office space options available, with three complexes in Picton and one in Wellington. Perhaps the most exciting news is the announcement of our brand-new hospital, opening in 2027!

Our Community

The island of Prince Edward County is an Ontario gem with a thriving wine, craft beer and culinary scene, inspired from our rich agricultural roots. We are home to Sandbanks Provincial Park, an absolute summer favourite in Ontario for those seeking pristine beaches. Whether it is our natural attractions with year-round outdoor activities, our booming beverage alcohol industry, or our fine dining options – we will be sure to impress! For more information about The County, check out their website at www.thecounty.ca. Come see why everyone is talking about Prince Edward County – where rural medicine meets refined living.

We would love to hear from you!
